

The Mirror

2014-2016

LTK College

Affiliated to Dibrugarh University

Estd: 1977

ltkcollege@yahoo.in, www.ltkcollege.ac.in

I am delighted to pen down a few words as prologue to our Newsletter THE MIRROR. I won't take much space of the newsletter so that much space can be devoted to show case our actions, as "actions speak louder than words".

From a very humble beginning in 1977, though the college has now reached a significant milestone against all odds and constraints, still the college has to reach the target destination. The scenario of higher education is changing rapidly and to make our students globally fit in the arena of extreme competitiveness, we have to take full-size and faster stride with the changing scenario. The college strives to transform itself in to a model rural college of the district by providing quality education backed by technological as well as necessary soft skills to the aspiring students for better employability.

In recent past the college initiated some vocational, career and skill oriented courses and aspiring to start some online certificate courses for the benefit of the students' community. Many constructive and qualitative efforts have been taken to improve the all round environment of the college, still we have many spheres which need to be improved. Regular efforts to groom the students to serve the society are in progress. Here I would like to recall a few lines penned by Robert Frost which is the exemplary philosophy of our college.

*"The woods are lovely, dark and deep,
But I have promises to keep,
And miles to go before I sleep,
And miles to go before I sleep."*

Dr. Bubul Kr. Saikia
Principal

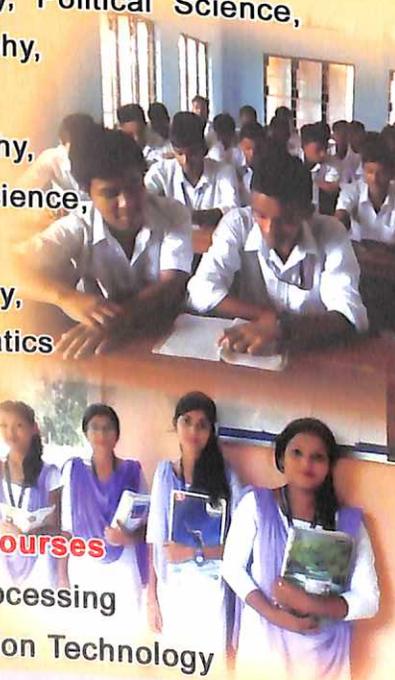

The foundation for a bright future.....

Community College Scheme on FOOD PROCESSING

ADD-ON Courses

The college started the "Add-on courses" under Dibrugarh University in collaboration with National Skill Development Council (NSDC), India for the regular students who aspire to complete their Degree Courses with an Add-on skill based course in one Year Diploma in IT (Software Developer) under Dibrugarh University

An Orchidarium to equip its students with knowledge of different spices of orchids their uses and need for conservation of these orchids. At present it houses 25 spices of local orchids collected from different areas in and around Lakhimpur district. In near future it plans to house at least 75 -100 spices of rare local orchids.

In the 12th Five Year Plan, the Planning Commission has laid emphasis on expansion of skill-based programmes in higher education. So it recommended setting up of Community College (CC) in colleges of India to serve multiple needs including career oriented education and skills to students for directly entering into workforce and training and education programmes for local employers.

Distinguished Personalities visited our College

IQAC

In the 2005 the IQAC of L.T.K. College was established with a vision of promoting and monitoring the progress and all-round development of the college. Besides, it aims to transform NAAC's vision into action. Since its establishment the Cell has been undertaking all the necessary steps and making arrangement for periodic assessments and improvements of academic programmes. It also undertakes quality related activities, consultancy, training programmes, workshops, seminars etc. It tries to collaborate with other stakeholders of higher education for quality evaluation. In recent times it proposes to hold Academic Audit, Green Audit of the college for better SWOC analysis of the college as well as of each department.
